

Occidental P.O. Box 173779 Denver, CO 80217

Dear Resident,

We are writing to notify you about our upcoming activity on an existing oil and natural gas well in your area. Please see the map on the reverse side for reference.

The well is scheduled to be plugged and reclaimed from oil and natural gas development. This procedure is commonly referred to as Plug and Abandonment, and is regulated by the Colorado Oil and Gas Conservation Commission. A work-over rig (pictured on the reverse side), cement and water trucks, emission control device (ECD), and other heavy equipment will be needed to conduct this operation.

The work is scheduled to begin in the next few days and will take approximately one-totwo weeks to complete. In an effort to reduce the inconvenience to the surrounding residents, crews will be working on-site Monday through Saturday and are expecting to be operating during daylight hours only. You may notice a slight increase in traffic and are likely to hear the activity during operations.

Thank you for your patience while we perform work in your community. If you have any questions or wish to report an issue related to our operation, please do not hesitate to contact us via the Anadarko Colorado Response Line at 866.248.9577 or ColoradoStakeholder@oxy.com.

When you contact us, please reference this activity by the following name: **DREW GU TRUE 1 Plug & Reclaim**

See reverse side for more details

Place Stamp Here
